\$250 Application Fee (includes two inspections) | \$100 per additional inspection | Fees payable to Deer Lake Borough upon inspection

*Per Section 5.900 of Ordinance #28, an Excavation Permit, issued by the Zoning Officer, is required for all activities which require the moving of earth or the filling or excavation of an area on any Parcel, Lot, or Zone Lot, (except for incidental or minor grading or earth moving for landscaping or agricultural purposes.) The Zoning Officer may consider the following in considering a permit application: whether the existing grade of a Parcel, Lot, or Zone Lot will be changed so as to create an unstable slope; whether the activity will result in an unreasonable or significant increase in the flow of surface water, including onto a public right-of-way; whether the debris from an excavation will be disposed of to prevent an unsightly condition from existing on any property.*
