BOROUGH OF DEER LAKE
BUILDING PERMIT/WORKERS' COMPENSATION AFFIDAVIT

The Borough of Deer Lake desires to ensure that all construction projects undertaken in the Borough pursuant to lawfully issued Building Permits, if performed by persons or companies in the construction business who employ employees to assist and take part in the construction, are performed by persons or companies carrying the legally required workers' compensation insurance coverage. Therefore, all persons or companies who apply for a Building Permit are required to execute this Affidavit.

I, _____, do hereby affirm that I will not employ employees to work on the project for which I am seeking a Building Permit without securing workers' compensation coverage as required by the Pennsylvania Workers' Compensation Act (the Act of June 2, 1915 and all subsequent amendments) to cover said employees, nor will I employ/hire/contract with any other person or company for the project for which I am seeking a Building Permit without ensuring that said person or company provides workers' compensation coverage as required by the Pennsylvania Workers' Compensation Act to cover any employees to be employed on the project. Further, I will inform the Borough official issuing any Building Permit of the name of the person or company I employ/hire/contract with, and provide the Borough with written proof of any required workers' compensation coverage. I am aware that my failure to comply could subject me to a stop-work order from the issuing official.

I am executing this Affidavit under penalty as provided in 18 Pa.C.S.A. Section 4904.

Intending to be legally bound, I have set my hand this _____ day of _____, 20____.
